Quarter Two - 2023

# About This Report

---

The Corporate Quarterly report is produced four times a year to communicate progress made on Council's Strategic Plan presented in the Corporate Business Plan and to present the Town's financial position for the quarter.

There are two parts within this report:

**Strategic Plan Reporting** - includes progress update on projects that support Council's Strategic Priorities.

**Financial Summary** - provides a quarterly update on the Town's financial position. Included in this section of the report are two reports for the municipal operation and capital projects, showing: budget vs. forecast, capital project progress and project forecast.

## Council's Strategic Priorities

The Town of Strathmore's Council has identified six areas which will be focused on during this Council's term. These priorities were selected based on community feedback provided to Council as well as current service opportunities and challenges presented by Administration.

For each Strategic Priority, Council outlined the outcome that it desires to achieve during the balance of its term.

### Affordable Living

Strathmore is an affordable community for residents and businesses enabling access to housing, services, and supports.

### Financial Sustainability

Strathmore provides predictable and prudent tax rates and user fees that reduce overall Town debt, build financial reserves, maintain existing assets, and plan for sustainable growth.

### Intentional Community Development

Strathmore creates communities for its residents and with its residents and with its neighbours and institutional partners, which promote sustainable and inter-dependent communities.

### Climate Resiliency Including Environmental Stewardship

Strathmore protects, manages, and enhances its local environment while preparing for future challenges due to climate change.

### Economic Development

Strathmore is well-positioned to encourage commercial and industrial economic development with a focus on sustainable growth.

### Community Wellness

Strathmore values Community Wellness focused on the maintenance, protection, and improvement of services that support optimum lifestyles.

## Business Plan

Once Council has identified its strategic direction and determined its Strategic Priorities, it is the role of Administration to plan and implement activities which will ensure that the priorities are achieved. The Corporate Business Plan outlines the activities planned by Administration to meet Council's expectations.

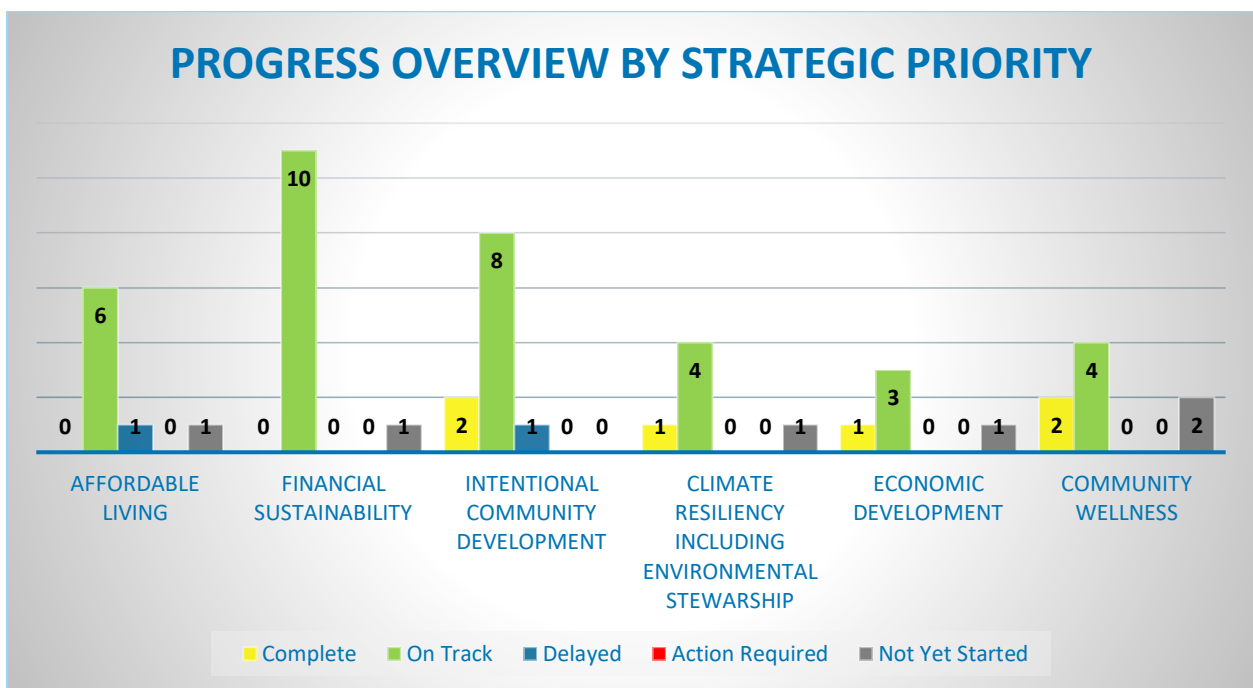

## Q2 Progress Summary

<b>Crime prevention/reduction statistics</b>	Municipal Enforcement	In 2023, Strathmore is experiencing a 9% decrease in criminal code offenses as well as fewer instances of theft (under \$5k), compared to 2022.

## Financial Summary

At the end of Quarter 2 for 2023, the financial results are very close to budget with minimal variances between budget and actual. All cost centres are very close to budget, which is excellent, but it also means that the Town might not experience a surplus at year-end. At this point, we are showing projecting a small surplus of \$50 to \$100 thousand range, but that figure could quickly change due to weather or a mechanical failure at a Town facility. We should have a much better understanding of the Town's 2023 surplus or deficit after the completion of the Quarter 3 forecast.

## Municipal

Operating:

- \$35.3 million is the budgeted revenue for 2023. Current forecast for the year is \$36.0 million.
- \$35.9 million is the forecasted to be spent, which is \$600 thousand over the budget amount

## Capital:

- There was a total of 62 municipal capital projects for 2023.
- \$5.5 million is the forecasted spend out of a \$5.7 million capital budget.

## Investments

The Town has \$11.7 million in cash and investments at Quarter 2. This balance will not likely change during the second half of 2023.

## Reserves

The reserve balance was \$11.5 million at the beginning of 2023. The projected year-end reserve balance should be slightly lower at \$10.0 to \$11.0 due to the recent water license purchase.

## Debt

The Town's outstanding debt at the beginning of 2023 was \$18.45 million. The debt balance at the end of the year will be \$16.3 million.

# Municipal Operating Variance Analysis

---

## Council

- No major variances noted.

## General Revenue & Taxation

- Property tax and franchise fee revenue are close to 100% of budgeted amounts.

## Administration - General

- No major variances

## Strategic, Administrative and Financial Services

- Assessment services was contracted out to Wild Rose Assessment Services. This will reduce wages & benefits by over \$250 thousand for the year and increase contract services by \$120 thousand for a net savings of \$100 thousand.

## Community & Protective Services

- 2023 RCMP contract expenses are forecast to be \$100 thousand under budget for the year.
- Fire Department overtime is projected to be approximately \$80 thousand over budget. The overtime wages were not reflected in the 2023 operating. This will be corrected for the 2024 budget.
- Fire Department overtime wages and other expenses will be higher than budget due to the Northern Alberta Wildfire response, but these costs will be offset by emergency response revenue from the Provincial Government. Any surplus revenue after covering the wildfire expenses, will be transferred to the Fire Capital Reserve.
- Fire inspection fees were forecasted to be \$70 thousand for the year but will likely be half of that amount due to a late start, wildfire response, and initial year start-up.
- Expenses for The Lead By Example Powwow were in the range of \$150 thousand. The powwow expenditures were covered through donations, sponsorship, and other revenue.

## Infrastructure, Operations and Development Services

- Snow clearing for the first half of the year was approximately \$40 thousand over budget due to overtime wages, vehicles costs, and contracted services.
- Water and Wastewater revenue and expenses are very close to budgeted amounts.

## General Variances Over All Divisions

- At this point, all departments and cost centres are close to very close to budgeted amounts in revenue and expenses. This is primarily due to improved budget preparation for 2023.
- The Other Revenue category is projected to be \$592 thousand higher than budget, but this is due wildfire response revenue, powwow revenue and payment of offsite development levies by developers. All this additional revenue will be used to offset expenses or transferred to Town reserve accounts.
