RECREATION FACILITY DEVELOPMENT COMMITTEE

The Town of Strathmore Council has established a Recreation Facility Development Committee. This committee will aim to assist council with the development of a Recreation Facility Master Plan and long term Recreation Development Strategy.

This committee will have a number of functions:

- The Recreation Facility Development Committee will assist through research to gather best practices, recreation standards, industry trends, and innovative development solutions in order to build a comprehensive Recreation Facility Master Plan for the Town of Strathmore.
- The Recreation Facility Development Committee will assist through local stakeholder engagement to gather local knowledge, current needs, and future development needs in order to build a comprehensive Recreation Facility Master Plan for the Town of Strathmore.
- The Recreation Facility Development Committee will act as an advisory committee to Council, to advocate for recreation facility development, provide advice on recreation development strategies and actions, and champion collaborative recreation development in the Town of Strathmore and surrounding area.
- The ability to create ad hoc subcommittees for specific facility development projects as identified in the master plan.

The Town of Strathmore has funded a Recreation Facility Master Plan for 2018 and the Recreation Facility Development Committee will have an active role in the facilitation and development of this long term plan.

The Town is looking for representatives from local sports groups, arts & culture organizations, school boards and the community.

The commitment will be at minimum a monthly meeting with additional time to assist with public consultations, research and potential off site community visits.

If you are interested in sitting on this committee or would like more information, please contact:
